BCRED Today

Since inception in 2021, BCRED has delivered strong, resilient performance. As the world's largest private credit fund,[1] we aim to leverage BCRED's scale for the benefit of driving value for shareholders

Bronze Morningstar Medalist Rating[2]

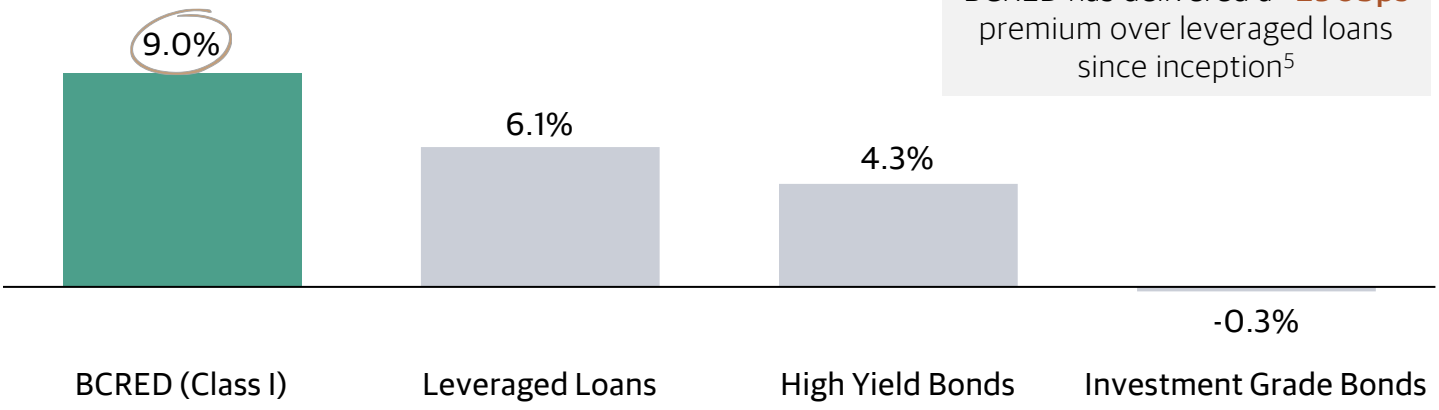
What and How We've Delivered

BCRED has outperformed and generated high income relative to public fixed income through a defensive portfolio

Outperformance vs. Public Fixed Income[3,4]

Since BCRED's inception in January 2021 (annualized)

BCRED has delivered a **~290bps** premium over leveraged loans since inception[5]



High Income

BCRED has consistently delivered attractive distributions across rate cycles[6]

- In our view, **180bps excess yield** over leveraged loans[7] continues to be **valuable** in today's environment — with added benefit of **stronger underwriting and doc protections**[8]
- **Lowest cost of debt and G&A expense** among non-traded peers[10,11] has enabled enhanced income and stronger returns

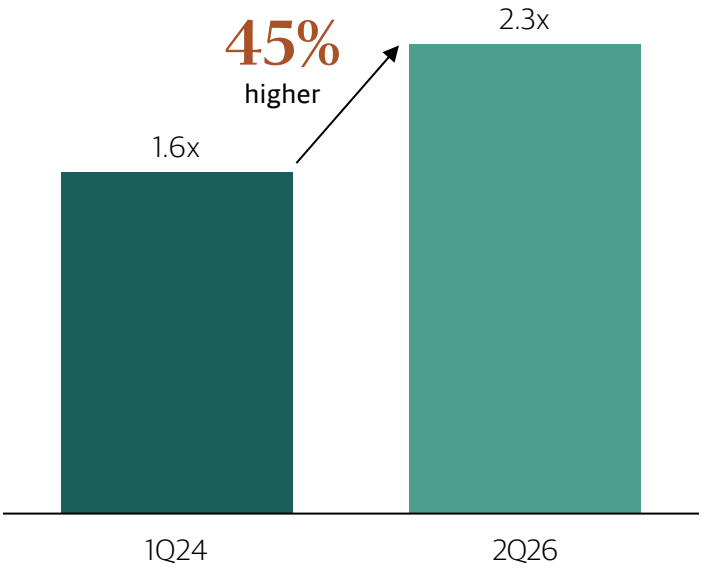
BCRED Annualized Distribution Rate (Class I)[9]

Note: As of July 31, 2026, unless otherwise noted. Reflects Blackstone Credit & Insurance's views and beliefs as of the date appearing on this material only, which is subject to change. **Past performance does not predict future returns** and there can be no assurance that BCRED will achieve results comparable to those of any of Blackstone Credit & Insurance's prior funds or be able to implement its strategy or achieve its investment objectives, including due to an inability to access sufficient investment opportunities. Please refer to "Endnotes" and "Important Disclosure Information" including "Trends" and "Awards, Honors, or Other Rankings" for more information.

Defensive Positioning

- **Risk Mitigation: $77B** portfolio[12] with broad exposure and **96%** senior secured debt[13] at a **41%** LTV at the time of underwrite[14]
- **High Quality:** Focus on large issuers in historically resilient sectors[15] with average EBITDA of **$278M**[16] — over 2.5x the private credit market[17] — and **95%+** sponsor-backed or public companies[18]
- **Credit Performance:** Earnings across portfolio companies grew **10%** over the last year [19] — approximately 2x the private credit market average[20]
- **Private Focus: 96% private investments**[21] vs. 85% for non-traded peers,[22] generating premium yield to leveraged loans[23]

Improving Interest Coverage Ratios[24]



Significant Liquidity from Multiple Sources

BCRED has continued to strengthen and further diversify its capital structure

$17B+
of available liquidity (cash and amount available to borrow)[25]

$2.7B
of repayments in 2Q26

0.8x
current leverage significantly below limit[26]

$3B
of "quoted" investments[27]

Highest
rating & outlook on a combined basis by Moody's & S&P vs. non-traded peers[28]

Lowest
cost of debt vs. non-traded peers[29]

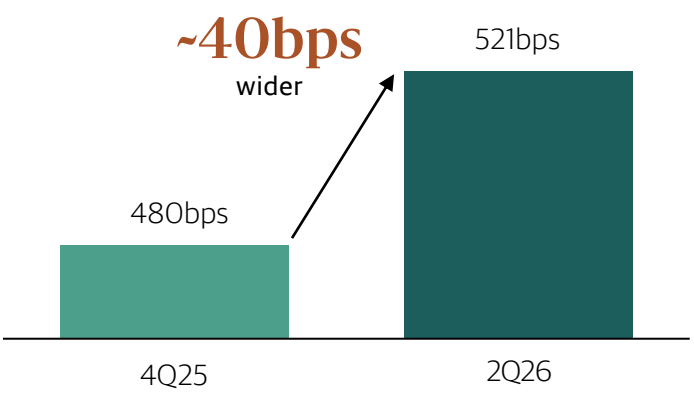
Note: As of July 31, 2026, unless otherwise noted. Reflects Blackstone Credit & Insurance's views and beliefs as of the date appearing on this material only, which is subject to change. **Past performance does not predict future returns** and there can be no assurance that BCRED will achieve results comparable to those of any of Blackstone Credit & Insurance's prior funds or be able to implement its strategy or achieve its investment objectives, including due to an inability to access sufficient investment opportunities. Please refer to "Endnotes" and "Important Disclosure Information" for more information.

Dislocation Creating Opportunity

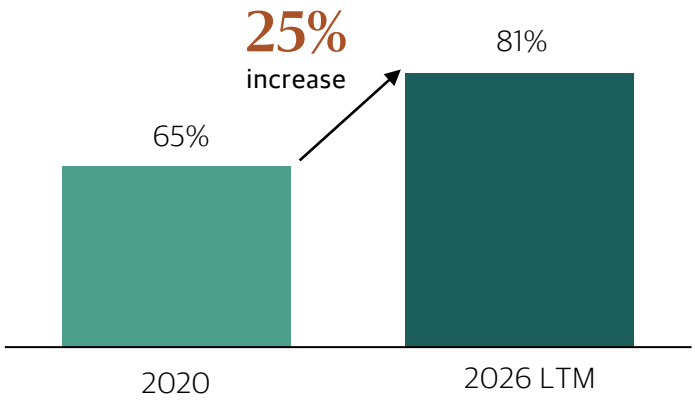
Wider spreads vs. last quarter, with continued conservative leverage and strong lender protections

Spreads Are Moving Wider[30]

BXCI North America Direct Lending pipeline



Private Lenders Continue to Gain Market Share[31]



Well-Positioned to Capture Attractive Opportunities Ahead

- **Robust Deployment:** **$1.8B** invested during 2Q into compelling opportunities at conservative LTVs
- **Natural Liquidity:** **$2.7B** of repayments during 2Q accelerated fee income and capacity for new originations

2Q26 Private Debt Investments in New Portfolio Companies[32]

100%
first lien[33]

100%
senior secured[33]

~510bps
weighted average spread[34]

39%
average loan-to-value at the time of underwrite[35]

We Continue to See Attractive Opportunities Within…

Endnotes

Note: As of July 31, 2026, unless otherwise noted. Reflects Blackstone Credit & Insurance's views and beliefs as of the date appearing on this material only, which is subject to change. **Past performance does not predict future returns** and there can be no assurance that BCRED will achieve results comparable to those of any of Blackstone Credit & Insurance's prior funds or be able to implement its strategy or achieve its investment objectives, including due to an inability to access sufficient investment opportunities.

1. Reflects Preqin data as of April 30, 2026, as published on May 19, 2026, based on all funds in the private credit asset class.
2. **Morningstar Medalist Rating.** Morningstar assigned BCRED a Bronze Medalist Rating on May 6, 2026. The Morningstar Medalist Rating is the summary expression of Morningstar's forward looking analysis of investment strategies as offered via specific vehicles using a rating scale of Gold, Silver, Bronze, Neutral, and Negative. The Medalist Ratings indicate which investments Morningstar believes are likely to outperform their Morningstar Category average on a risk adjusted basis over time. Medalist Ratings are based on Morningstar's evaluation of three fundamental pillars (People, Parent, and Process) and the Medalist Rating Price Score. The rating was created and tabulated by Morningstar, Inc., an independent third party, and is not based on the experience of any client or investor. When analysts directly cover a vehicle, they assign the fundamental pillar ratings based on their qualitative assessment, subject to the oversight of the Analyst Rating Committee, and monitor and reevaluate them approximately once a year. When vehicles are covered either indirectly by analysts or by algorithm, the ratings are assigned monthly. For more detailed information about the Medalist Ratings, including their methodology, please visit: http://global.morningstar.com/managerdisclosures. The Morningstar Medalist Ratings are not statements of fact, nor are they credit or risk ratings or recommendations to purchase, hold or sell any security. A change in the fundamental factors underlying the Morningstar Medalist Rating may result in the rating no longer being accurate. © 2026 Morningstar, Inc. All rights reserved. The information contained herein: (1) is proprietary to Morningstar and/or its content providers; (2) may not be copied or distributed; and (3) is not warranted to be accurate, complete, or timely. Neither Morningstar nor its content providers are responsible for any damages or losses arising from any use of this information. Blackstone did not receive or provide compensation to be considered for the rating or for the receipt of the rating. No amounts were paid to the sponsor of the rating for Blackstone's right to promote receipt of the rating. **Past performance is no guarantee of future returns.**
3. As of July 31, 2026. Inception date for Class I and Class S shares: January 7, 2021. Inception date for Class D shares: May 1, 2021. Total Net Return is calculated as the change in net asset value ("NAV") per share during the period, plus distributions per share (assuming dividends and distributions are reinvested) divided by the beginning NAV per share. Returns greater than one year are annualized. Inception-to-date ("ITD") total return for Class S (no/with upfront placement fee): 8.1% / 7.4%. ITD total return for Class D (no/with upfront placement fee): 8.3% / 8.0%. **All returns shown are derived from unaudited financial information and are net of all BCRED expenses, including general and administrative expenses, transaction related expenses, management fees, incentive fees, and share class specific fees, but exclude the impact of early repurchase deductions on the repurchase of shares that have been outstanding for less than one year. Past performance does not predict future returns.** Class S and Class D listed as (With Upfront Placement Fee or Brokerage Commissions) reflect the returns after the maximum upfront placement fees. Class S and Class D listed as (No Upfront Placement Fee or Brokerage Commissions) exclude upfront placement fees. Class I does not have upfront placement fees. **The returns have been prepared using unaudited data and valuations of the underlying investments in BCRED's portfolio, which are estimates of fair value and form the basis for BCRED's NAV. Valuations based upon unaudited reports from the underlying investments may be subject to later adjustments, may not correspond to realized value and may not accurately reflect the price at which assets could be liquidated.**
4. Source: Morningstar, BXCI as of July 31, 2026. "Leveraged Loans" is represented by **Morningstar LSTA US Leveraged Loan Index.** "High Yield Bonds" is represented by the **Bloomberg US Corporate High Yield Index.** "Investment Grade Bonds" is represented by the **Bloomberg US Aggregate Bond Index.** There can be no assurances that any of the trends described throughout this letter will continue or will not reverse. Please see "Index Definitions" and "Index Comparison" at the end of this communication for more information.

5. "Leveraged Loans" is represented by **Morningstar LSTA US Leveraged Loan Index**. See footnotes 3 and 4 for information on returns.

6. Annualized Distribution Rate reflects August's distribution annualized and divided by last reported NAV from July. **Past performance does not predict future returns.** Distributions have been and may in the future be funded through sources other than net investment income. See BCRED's prospectus. Please visit the Shareholders page on BCRED's website for notices regarding distributions subject to Section 19(a) of the Investment Company Act of 1940. We cannot guarantee that we will make distributions, and if we do we may fund such distributions from sources other than cash flow from operations, including the sale of assets, borrowings, return of capital, or offering proceeds, and although we generally expect to fund distributions from cash flow from operations, we have not established limits on the amounts we may pay from such sources. As of July 31, 2026, 100% of inception to date distributions were funded from net investment income or realized short-term capital gains, rather than a return of capital. A return of capital (1) is a return of the original amount invested, (2) does not constitute earnings or profits and (3) will have the effect of reducing the basis such that when a shareholder sells its shares the sale may be subject to taxes even if the shares are sold for less than the original purchase price. Distributions may also be funded in significant part, directly or indirectly, from temporary waivers or expense reimbursements borne by Blackstone Credit BDC Advisors LLC (the "Sub-Adviser") or its affiliates, that may be subject to reimbursement to the Sub-Adviser or its affiliates. The repayment of any amounts owed to our affiliates will reduce future distributions to which you would otherwise be entitled. Annualized Distribution Rate for other share classes are as follows: 8.3% for Class S and 8.9% for Class D.

7. As of July 31, 2026. Leveraged Loans had a yield of 7.3%. Leveraged Loans represented by the yield of loans in the **Morningstar LSTA US Leveraged Loan Index** as of July 31, 2026.

8. Refers to higher percentage of BXCI-led direct lending deals with provisions relating to protection against asset (IP) stripping, protection against collateral release and caps on synergy addbacks to EBTDA relative to leveraged loans.

9. Represents the annualized BCRED distribution rate for 2021, 2023 and current annualized distribution rate as of August 2026. Distribution rate reflects the annualized distribution per share for Class I shares in the specific period divided by beginning of period NAV. For further information regarding distributions please refer to footnote 6.

10. For the quarter ended March 31, 2026. BCRED's weighted average all-in cost of debt is 5.7% and calculated based on annualized all-in cost of debt incurred in Q1'26 (including unused fees, amortization of debt issuance costs (including premiums and discounts), amortization of deferred financing costs, and the impact of hedge accounting divided by weighted average principal of debt outstanding during the same period). Non-traded peers represented by the non-traded peer average of 6.1% reflecting annualized Q1'26 all-in cost of debt for the quarter ended March 31, 2026, weighted by total NAV. All-in cost of debt calculated as interest expense divided by average debt principal outstanding for the quarter ended March 31, 2026.

11. For the quarter ended March 31, 2026. BCRED's gross annualized G&A expense ratio was 0.2% calculated as annualized gross G&A expenses incurred in Q1'26 divided by weighted average NAV for the quarter. Non-traded peers represented by the non-traded peer average of a 0.3% a gross annualized G&A expense ratio. This is calculated based on annualized Q1'26 gross G&A expenses as a percentage of average NAV for the quarter ended March 31, 2026, weighted by total NAV. Gross G&A expenses exclude interest expense, management and incentive fees, excise and other tax expense, distribution costs, and the impact of expense support and recoupment, if any. BCRED gross G&A expenses include professional fees, Board of Trustees fees, administrative service expenses, organization costs, other general and administrative expenses, and amortization of continuous offering costs.

12. Reflects total investments at fair value as of July 31, 2026.

13. As a percentage of BCRED's investment portfolio excluding equity investments in unconsolidated joint ventures. Floating rate investments exclude investments on non-accrual.

14. At the time of underwrite for each investment in BCRED's debt portfolio. Average loan-to-value represents the net ratio of loan-to-value for each portfolio company, weighted based on the fair value of total applicable debt investments. Includes all debt investments for which fair value is determined by the Board of Trustees in conjunction with a third-party valuation firm and excludes quoted investments and asset-based investments. Loan-to-value at underwrite is calculated as the net debt through each respective loan tranche divided by the estimated enterprise value of the portfolio company at the time of underwrite.

15. Approximately 85% of BCRED's portfolio is invested in lower default rate sectors as a percentage of the fair value of BCRED's investment portfolio excluding investments in joint ventures. Analysis based on the average annualized US leveraged loan default rates by industry from 2007 to December 2025, as published by Fitch. "Lower-default rate sectors" are defined as those which have an average annual default rate below 2%. GICS industry classifications utilized in BCRED reporting are re-mapped by BXCI to Fitch industry classifications for comparison purposes.

16. As of June 30, 2026. Average last-twelve-month ("LTM") EBITDA includes all debt investments for which fair value is determined by BCRED's Board in conjunction with a third-party valuation firm and excludes both asset-based investments and quoted investments. EBITDA is a non-GAAP financial measure. For a particular portfolio company, LTM EBITDA is generally defined as net income before net interest expense, income tax expense, depreciation and amortization over the preceding twelve-month period. Amounts are weighted on fair market value of each respective investment. Amounts were derived from the most recently available portfolio company financial statements (which are generally one quarter in arrears), have not been independently verified by BCRED, and may reflect a normalized or adjusted amount. Accordingly, BCRED makes no representation or warranty in respect of this information. As of June 30, 2026, the breakdown of BCRED's portfolio company LTM EBITDA within the above defined debt portfolio is as follows: 5% less than $50 million, 20% between $50 to $100 million and 75% greater than $100 million based on fair market value. As of June 30, 2026, LTM EBITDA margin for these debt investments is 30%. EBITDA margin is the ratio of EBITDA-to-revenue.

17. Private credit market exhibited average LTM EBITDA of $106 million, based on issuer companies of loans in the Lincoln International Private Market Database as of March 31, 2026, which is latest available data. The "Lincoln International Private Market Database," compiled by the Lincoln Valuations & Opinions Group ("VOG"), is a quarterly compilation of over 4,750 portfolio companies from a wide assortment of private equity investors and non-bank lenders. Most of these companies are highly levered with debt financing provided via the direct lending market and in many instances, Lincoln estimates the fair value of at least one senior debt security in the portfolio companies' capital structures. In assessing the data, VOG relies on commonly accepted valuation methodologies and each valuation analysis is unique and conforms to fair value accounting principles. The analyses are then vetted by auditors, fund managers and their board of directors, as well as other regulators. © 2026 Lincoln Partners Advisors LLC. All rights reserved. Used with permission. Third-party use is at user's own risk.

18. As a percentage of BCRED's investment portfolio excluding equity investments in unconsolidated joint ventures. Floating rate investments exclude investments on non-accrual.

19. Represents LTM EBITDA Growth year-over-year where data is available and relevant. Includes all debt investments for which fair value is determined by the Board in conjunction with a third-party valuation firm and excludes both asset-based investments and quoted investments. BCRED amounts are weighted on fair market value of each respective investment. BCRED amounts were derived from portfolio company financial statements that are continuously received and may be updated; accordingly, growth figures may be based on prior period EBITDA amounts that were not available or, in the case of recently funded deals, not applicable in the prior period. Third-party figures (and corresponding BCRED amounts) have not been independently verified by BCRED and may reflect a normalized or adjusted amount. Accordingly, BCRED makes no representation or warranty in respect of this information. EBITDA is a non-GAAP financial measure. For a particular portfolio company, EBITDA is generally defined as net income before net interest expense, income tax expense, depreciation, and amortization over the LTM. EBITDA growth year-over-year may reflect some inorganic growth due to mergers and acquisitions (M&A).

20. Private credit market exhibited average LTM EBITDA Growth of 5%, based on issuer companies of loans in the Lincoln International Private Market Database as of March 31, 2026, which is latest available data.

21. As of June 30, 2026. Private investments represent Level 3 investments in the investment portfolio which may be quoted or non-quoted but for which inputs to the valuation methodology are unobservable and significant to overall fair value measurement, divided by total investments excluding investment in joint ventures. BCRED's average private debt position size is approximately 26bps as of June 30, 2026. Reflects average size of investments in private debt portfolio companies divided by total private debt investments, based on fair market value. The average size of investments in private debt portfolio companies as of June 30, 2026 is $182 million, based on fair market value.

22. Peer data as of December 31, 2025. Non-traded peers include BDCs which are externally-managed, had effective registration statements as of 2025 and were broadly distributed, have broad exposure across industries in their investments and are not sector-focused, and had net asset values in excess of $4 billion as of December 31, 2025: Apollo Debt Solutions BDC (ADS), Ares Strategic Income Fund (ASIF), Blue Owl Credit Income Corp. (OCIC), Goldman Sachs Private Credit Corp (GSCRED), Golub Capital Private Credit Fund (GCRED), HPS Corporate Lending Fund (HLEND), and Oaktree Strategic Credit Fund (OSCF).

23. J.P. Morgan Research from January 2022 to March 2026.

24. Represents BCRED's interest coverage ratio ("ICR") from Q1'24 to Q2'26. Interest coverage ratio ("ICR") is estimated as the ratio of average LTM EBITDA, to cash interest paid over the last 12 months for each respective portfolio company. Includes all debt investments (excluding ARR loans) for which fair value is determined by the Board in conjunction with a third-party valuation firm and excludes both asset-based investments and quoted investments. Amounts derived from the most recently available portfolio company financial statements, have not been independently verified by BCRED, may reflect a normalized or adjusted amount, and are generally about 90 days in arrears. Accordingly, BCRED makes no representation or warranty in respect of this information. EBITDA is a non-GAAP financial measure. For a particular portfolio company, LTM EBITDA is generally defined as net income before net interest expense, income tax expense, depreciation and amortization over the preceding 12-month period. Currency fluctuations may have an adverse effect on the value, price or income and costs of our portfolio companies and investments which may increase or decrease as a result of changes in exchange rates. As of June 30, 2026, approximately 7% of the above defined debt investments (including ARR loans) and approximately 7% of the above defined debt investments (excluding ARR loans) have less than 1.0x interest coverage ratio. ICR based on debt investments within BCRED's Software sector (as classified under the GICS Industry level) is 2.4x as of June 30, 2026.

25. As of June 30, 2026. Available liquidity is composed of cash and cash equivalents, excluding restricted cash, plus the amount available to draw upon across all revolving credit facilities, net of limitations related to each respective credit facility's borrowing base.

26. As of June 30, 2026. Debt-to-equity ratio represents the ratio of total principal of outstanding debt to net assets.

27. As of June 30, 2026. "Quoted" investments are defined as Level 1 and 2 investments as a percentage of the total portfolio fair value divided by total investments at fair value excluding equity investments in unconsolidated joint ventures and separately managed accounts. For information on Level 1, 2, and 3 investments, please refer to section "Valuation of Investments" in BCRED's prospectus.

28. As of June 30, 2026, BCRED has an investment grade credit rating of BBB (high) / stable outlook from DBRS Morningstar, provided on December 1, 2023, and an investment grade of Baa2 / stable from Moody's, provided on September 23, 2024, and an investment grade credit rating of BBB- / positive from S&P, provided on December 4, 2024. The underlying private credit loans within BCRED are not rated. Credit ratings are statements of opinions and are not statements of fact or recommendations to purchase, hold or sell securities. Blackstone provides compensation directly to DBRS / Morningstar, Moody's and S&P for its evaluation of BCRED. Credit ratings do not address the suitability of securities or the suitability of securities for investment purposes, and should not be relied on as investment advice.

29. For the quarter ended March 31, 2026. BCRED's weighted average all-in cost of debt is 5.7% and calculated based on annualized all-in cost of debt incurred in Q1'26 (including unused fees, amortization of debt issuance costs (including premiums and discounts), amortization of deferred financing costs, and the impact of hedge accounting divided by weighted average principal of debt outstanding during the same period). Non-traded peers represented by the non-traded peer average of 6.1% reflecting annualized Q1'26 all-in cost of debt for the quarter ended March 31, 2026, weighted by total NAV. All-in cost of debt calculated as interest expense divided by average debt principal outstanding for the quarter ended March 31, 2026.

30. Represents the commitment-weighted average three-year discount margin for commitments to new portfolio companies made in the respective quarter. Calculated as notional spread plus OID amortized over a three-year assumed life.

31. Source: Pitchbook, LCD as of June 30, 2026.

32. Total amount deployed in private debt investments in new portfolio companies funded from April 1, 2026, to June 30, 2026 (excluding add-ons and incremental loans to existing portfolio companies, drawdowns on delayed draw term loans and revolvers committed in prior periods, and structured finance obligations) represents $241 million.

33. As a percentage of BCRED's private debt investments in new portfolio companies funded from April 1, 2026 to June 30, 2026 (excluding add-ons and incremental loans to existing portfolio companies, and structured finance obligations) for which fair value is determined by the Board of Trustees in conjunction with a third-party valuation firm and excludes both asset-based investments and quoted investments. Private debt investments in new portfolio companies reflected approximately 13% of BCRED's deployment during the quarter.

34. During April 1, 2026 to June 30, 2026, private debt investments in new portfolio companies (excluding add-ons and incremental loans to existing portfolio companies and drawdowns on delayed draw term loans and revolvers committed in prior periods) were underwritten with a yield of 9.0% (on average, in Q2'26, this yield was comprised of 3.9% base rate/floor and 5.1% spread and origination fees). Yield reflects average spread and origination fees or original issue discount ("OID") (for the purposes of this illustrative example, OID is estimated to be accreted over three years based on the expected hold period). If OID was accreted to maturity, yield on new investments in Q2'26 was 8.8%. The yield for all private deals completed during Q2'26 (including existing portfolio companies but excluding drawdowns on delayed draw term loans and revolvers committed in prior periods) was 9.1% (yield to maturity of 8.9%). For illustrative purposes only. The yields stated may not be representative of any specific investment.

35. Average loan-to-value represents the net ratio of loan-to-value for each portfolio company in BCRED's software portfolio (as classified under the GICS Industry level) weighted based on the fair value of total applicable investments as of June 30, 2026. Includes all debt investments within BCRED's software portfolio for which fair value is determined by the Board in conjunction with a third-party valuation firm and excludes both asset-based investments and quoted investments. Loan-to-value is calculated as the total net debt through each respective loan divided by the estimated enterprise value of the portfolio company at time of underwrite. Amounts have not been independently verified by BCRED and may reflect a normalized or adjusted amount. Accordingly, BCRED makes no representation or warranty in respect of this information.

36. AUM is estimated and unaudited as of June 30, 2026. The AUM for Blackstone, Blackstone Credit & Insurance or any specific fund, account or investment strategy presented in this Presentation may differ from any comparable AUM disclosure in other non-public or public sources (including public regulatory filings) due to, among other factors, methods of net asset value and capital commitment reporting, differences in categorizing certain funds and accounts within specific investment strategies and exclusion of certain funds and accounts, or any part of net asset value or capital commitment thereof, from the related AUM calculations. Certain of these differences are in some cases required by applicable regulation. All figures are subject to change. AUM is a combined figure inclusive of Blackstone Credit & Insurance "BXCI" and Real Estate Debt businesses.

37. Represents BXCI's average annualized loss rate for its North America Direct Lending strategy from 2006 through June 30, 2026. The annualized loss rate represents annualized net losses for substantially realized investments. Whether an investment is substantially realized is determined in the manager's discretion. Investments are included in the loss rate if (1) a payment was missed, (2) bankruptcy was declared, (3) there was a restructuring, or (4) it was realized with a total multiple on invested capital less than 1.0x. Net losses include all profits and losses associated with these investments, including interest payments received. Net losses are represented in the year the investment is substantially realized and excludes all losses associated with unrealized investments. The annualized net loss rate is the net losses divided by the average annual remaining invested capital within the platform. Investments sourced by BXCI for the Sub Advised Investments did, in certain cases, experience defaults and losses after BXCI was no longer sub-adviser, and such defaults and losses are not included in the rates provided. Prior to December 31, 2022, the methodology used by the North America Direct Lending track record for calculating the platform's average annual loss rate was based on net loss of principal resulting only from payment defaults in the year of default which would exclude interest payments. Past performance does not predict future returns, and there can be no assurance that BXCI will achieve comparable results or that any entity or account managed by or advised by BXCI will be able to implement its investment strategy or achieve its investment objectives.

38. Reflects issuers and sponsors across all asset types within Private Corporate Credit, Liquid Corporate Credit, and Infrastructure & Asset Based Credit.

39. As of June 30, 2026, as assessed through the date of this communication. Calculated as the amortized cost or fair value of loans on non-accrual divided by total amortized cost or fair value of the BCRED investment portfolio excluding investments in joint ventures. Loans are generally placed on non-accrual status when there is reasonable doubt whether principal or interest will be collected in full. Accrued interest is generally reversed when a loan is placed on non-accrual status. Additionally, any original issue discount and market discount are no longer accreted to interest income as of the date the loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management's judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

Past Performance and Forward-Looking Statements

Past performance does not predict future returns. The opinions expressed herein reflect the current opinions of Blackstone as of the date appearing in this material only. There can be no assurance that views and opinions expressed in this document will come to pass. The above is not intended to be indicative of future results to be achieved by the proposed fund; actual results may differ materially from the information generated through the use of illustrative components of return. While Blackstone believes that these assumptions are reasonable under the circumstances, there is no assurance that the results will be obtained, and unpredictable general economic conditions and other factors may cause actual results to vary materially. Any variations could be adverse to the actual results.

Certain information contained in this communication constitutes "forward-looking statements." These forward-looking statements can be identified by the use of forward-looking terminology, such as "outlook," "indicator," "believes," "expects," "potential," "continues," "may," "can," "could," "will," "should," "seeks," "approximately," "predicts," "intends," "plans," "estimates," "anticipates," "confident," "conviction," "identified," or the negative versions of these words or other comparable words thereof. These may include financial estimates and their underlying assumptions, statements about plans, objectives and expectations with respect to future operations, statements regarding future performance, statements regarding economic and market trends and statements regarding identified but not yet closed investments. Such forward-looking statements are inherently subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in such statements. BCRED believes these factors also include but are not limited to those described under the section entitled "Risk Factors" in its prospectus, and any such updated factors included in its periodic filings with the Securities and Exchange Commission (the "SEC"), which are accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this document (or BCRED's prospectus and other filings). Except as otherwise required by federal securities laws, BCRED undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future developments or otherwise.

Important Disclosure Information and Risk Factors

Summary of Risk Factors

Blackstone Private Credit Fund ("BCRED" or the "Fund") is a non-exchange traded business development company ("BDC") that expects to invest at least 80% of its total assets (net assets plus borrowings for investment purposes) in private credit investments (loans, bonds and other credit instruments that are issued in private offerings or issued by private companies). This investment involves a high degree of risk. You should purchase these securities only if you can afford the complete loss of your investment. You should read the prospectus carefully for a description of the risks associated with an investment in BCRED. These risks include, but are not limited to, the following:

- There is no assurance that we will achieve our investment objectives.
- This is a "blind pool" offering and thus you will not have the opportunity to evaluate our investments before we make them.
- You should not expect to be able to sell your shares regardless of how we perform.
- You should consider that you may not have access to the money you invest for an extended period of time.
- We do not intend to list our shares on any securities exchange, and we do not expect a secondary market in our shares to develop prior to any listing.
- Because you may be unable to sell your shares, you will be unable to reduce your exposure in any market downturn.
- We have implemented a share repurchase program, but only a limited number of shares will be eligible for repurchase and repurchases will be subject to available liquidity and other significant restrictions.
- Although we have implemented a share repurchase program, we have discretion to repurchase Common Shares at a disadvantageous time to our shareholders or not repurchase Common Shares, and our Board has the ability to amend or suspend any share repurchase program.
- An investment in our common shares is not suitable for you if you need access to the money you invest. See "Suitability Standards" and "Share Repurchase Program" in the prospectus.
- You will bear substantial fees and expenses in connection with your investment. See "Fees and Expenses" in the prospectus.
- We cannot guarantee that we will make distributions, and if we do we may fund such distributions from sources other than cash flow from operations, including the sale of assets, borrowings, return of capital or offering proceeds, and although we generally expect to fund distributions from cash flow from operations, we have not established limits on the amounts we may pay from such sources. A return of capital (1) is a return of the original amount invested, (2) does not constitute earnings or profits and (3) will have the effect of reducing the basis such that when a shareholder sells its Common Shares the sale may be subject to taxes even if the Common Shares are sold for less than the original purchase price.
- Distributions may also be funded in significant part, directly or indirectly, from temporary waivers or expense reimbursements borne by Blackstone Private Credit Strategies LLC (the "Adviser") and Blackstone Credit BDC Advisors LLC (the "Sub Adviser" and, together with the Adviser, the "Advisers") or their affiliates, that may be subject to reimbursement to the Advisers or their affiliates. The repayment of any amounts owed to our affiliates will reduce future distributions to which you would otherwise be entitled.
- We use and continue to expect to use leverage, which will magnify the potential for loss on amounts invested in us.
- We intend to invest in securities that are rated below investment grade by rating agencies or that would be rated below investment grade if they were rated. Below investment grade securities, which are often referred to as "junk," have predominantly speculative characteristics with respect to the issuer's capacity to pay interest and repay principal. They may also be illiquid and difficult to value.
- General economic conditions, such as recessionary concerns, geopolitical tensions, and sustained inflation, may lead to increased market volatility and have a material adverse impact on the performance of our investments and operations.
- We do not own the Blackstone name, but we are permitted to use it as part of our corporate name pursuant to the investment advisory agreement between BCRED and an affiliate of Blackstone Inc. ("Blackstone"). Use of the name by other parties or the termination of the use of the Blackstone name under the investment advisory agreement may harm our business.

Important Disclosure Information and Risk Factors

Summary of Risk Factors (cont'd)

Neither the Securities and Exchange Commission nor any state securities regulator has approved or disapproved of these securities or determined if the prospectus is truthful or complete. Any representation to the contrary is unlawful.

This sales material must be read in conjunction with the BCRED prospectus in order to fully understand all the implications and risks of an investment in BCRED. This sales material is neither an offer to sell nor a solicitation of an offer to buy securities. An offering is made only by the prospectus, which must be made available to you prior to making a purchase of shares and is available at www.BCRED.com. An investor should consider the investment objectives, risks, and charges and expenses of BCRED carefully before investing. Prior to making an investment, investors should read the prospectus, including the "Risk Factors" section therein, which contains a discussion of the risks and uncertainties that we believe are material to our business, operating results, prospects and financial condition.

Numerical data is approximate and as of July 31, 2026, unless otherwise noted. The words "we", "us", and "our" refer to BCRED, unless the context requires otherwise.

Additional Important Disclosures

This material was not created by any third-party registered broker-dealers or investment advisers who are distributing shares of BCRED (each, a "Dealer"). The Dealers are not affiliated with BCRED and have not prepared the material or the information herein.

Investments mentioned may not be in the best interest of, or suitable for all investors. Any product discussed herein may be purchased only after an investor has carefully reviewed the prospectus and executed the subscription documents.

Alternative investments often are speculative, typically have higher fees than traditional investments, often include a high degree of risk and are in the best interest of, or suitable for, eligible, long-term investors who are willing to forgo liquidity and put capital at risk for an indefinite period of time. They may be highly illiquid and can engage in leverage and other speculative practices that may increase volatility and risk of loss.

Although certain Loans in which the Fund may invest will be secured by collateral, there can be no assurance that such collateral could be readily liquidated or that the liquidation of such collateral would satisfy the borrower's obligation in the event of non-payment of scheduled interest or principal.

Opinions expressed herein reflect the current opinions of Blackstone as of the date appearing in the materials only and are based on Blackstone's opinions of the current market environment, which is subject to change. Shareholders, financial professionals and prospective investors should not rely solely upon the information presented when making an investment decision and should review the most recent prospectus, as supplemented, available at www.BCRED.com. Certain information contained in the materials discusses general market activity, industry or sector trends, or other broad- based economic, market or political conditions and should not be construed as research or investment advice.

Blackstone products are subject to the risk of capital loss and investors may not get back the amount originally invested.

Further, opinions expressed herein may differ from the opinions expressed by a Dealer and/or other businesses / affiliates of a Dealer. This is not a "research report" as defined by FINRA Rule 2241 and was not prepared by the research departments of a Dealer or its affiliates.

Past performance does not predict future returns. Actual results may vary. Diversification of an investor's portfolio does not assure a profit or protect against loss.

Alternative investments involve complex tax structures, tax inefficient investing, and delays in distributing important tax information. Individual funds have specific risks related to their investment programs that will vary from fund to fund. Investors should consult their own tax and legal advisors as Dealers generally do not provide tax or legal advice. BDCs are generally not taxed at the corporate level to the extent they distribute all of their taxable income in the form of dividends. Ordinary income dividends are taxed at individual tax rates and distributions may be subject to state tax. Each investor's tax considerations are different and consulting a tax advisor is recommended. Any of the data provided herein should not be construed as investment, tax, accounting or legal advice.

Interests in alternative investment products are distributed by the applicable Dealer and (1) are not FDIC-insured, (2) are not deposits or other obligations of such Dealer or any of its affiliates, and (3) are not guaranteed by such Dealer and its affiliates. Each Dealer is a registered broker-dealer or investment adviser, not a bank.

Awards, Honors or Other Rankings. Any awards, honors, or other references or rankings referred to herein with respect to Blackstone and/or any investment professional are provided solely for informational purposes and are not intended to be, nor should they be construed as or relied upon as, any indication of future performance or other future activity. Any such awards, honors, or other references or rankings may have been based on subjective criteria and may have been based on a limited universe of participants, and there are other awards, honors, or other references or rankings given to others and not received by Blackstone and/or any investment professional of Blackstone.

Blackstone Proprietary Data. Certain information and data provided herein is based on Blackstone proprietary knowledge and data. Portfolio companies may provide proprietary market data to Blackstone, including about local market supply and demand conditions, current market rents and operating expenses, capital expenditures, and valuations for multiple assets. Such proprietary market data is used by Blackstone to evaluate market trends as well as to underwrite potential and existing investments. While Blackstone currently believes that such information is reliable for purposes used herein, it is subject to change, and reflects Blackstone's opinion as to whether the amount, nature and quality of the data is sufficient for the applicable conclusion, and no representations are made as to the accuracy or completeness thereof.

Conflicts of Interest. There may be occasions when a Fund's general partner and/or the investment advisor, and their affiliates will encounter potential conflicts of interest in connection with such Fund's activities including, without limitation, the allocation of investment opportunities, relationships with Blackstone's and its affiliates' investment banking and advisory clients, and the diverse interests of such Fund's limited partner group. There can be no assurance that Blackstone will identify, mitigate, or resolve all conflicts of interest in a manner that is favorable to the fund.

Exchange Rate. Currency fluctuations may have an adverse effect on the value, price, income or costs of the product which may increase or decrease as a result of changes in exchange rates.

Additional Important Disclosures (cont'd)

Estimates / Targets. Any estimates, targets, forecasts, or similar predictions or returns set forth herein are based on assumptions and assessments made by Blackstone that it considers reasonable under the circumstances as of the date hereof. They are necessarily speculative, hypothetical, and inherently uncertain in nature, and it can be expected that some or all of the assumptions underlying such estimates, targets, forecasts, or similar predictions or returns contained herein will not materialize and/or that actual events and consequences thereof will vary materially from the assumptions upon which such estimates, targets, forecasts, or similar predictions or returns have been based. Among the assumptions to be made by Blackstone in performing its analysis are (i) the amount and frequency of current income from an investment, (ii) the holding period length, (iii) EBITDA growth and cost savings over time, (iv) the manner and timing of sale, (v) exit multiples reflecting long-term averages for the relevant asset type, (vi) customer growth and other business initiatives, (vii) availability of financing, (viii) potential investment opportunities Blackstone is currently or has recently reviewed and (ix) overall macroeconomic conditions such as GDP growth, unemployment and interest rate levels. Inclusion of estimates, targets, forecasts, or similar predictions or returns herein should not be regarded as a representation or guarantee regarding the reliability, accuracy or completeness of such information, and neither Blackstone nor the Fund is under any obligation to revise such returns after the date provided to reflect the occurrence of future events, even in the event that any or all of the assumptions underlying such returns are later shown to be incorrect. None of Blackstone, the Fund, their affiliates or any of the respective directors, officers, employees, partners, shareholders, advisers and agents of any of the foregoing makes any assurance, representation or warranty as to the accuracy of such assumptions. Investors and clients are cautioned not to place undue reliance on these forward-looking statements. Recipients of the materials are encouraged to contact Fund representatives to discuss the procedures and methodologies used to make the estimates, targets, forecasts, and/or similar predictions or returns and other information contained herein.

ERISA Fiduciary Disclosure. The foregoing information has not been provided in a fiduciary capacity under ERISA, and it is not intended to be, and should not be considered as, impartial investment advice.

Forward-Looking Statement. Certain information contained in this communication constitutes "forward-looking statements". These forward-looking statements can be identified by the use of forward-looking terminology, such as "outlook," "indicator," "believes," "expects," "potential," "continues," "may," "can," "could," "will," "should," "seeks," "approximately," "predicts," "intends," "plans," "estimates," "anticipates," "confident," "conviction," "identified" or the negative versions of these words or other comparable words thereof. These may include BCRED's financial estimates and their underlying assumptions, statements about plans, objectives and expectations with respect to future operations, statements regarding future performance, statements regarding economic and market trends and statements regarding identified but not yet closed investments. Such forward-looking statements are inherently subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in such statements. BCRED believes these factors include but are not limited to those described under the section entitled "Risk Factors" in its prospectus and annual report for the most recent fiscal year, and any such updated factors included in its periodic filings with the Securities and Exchange Commission (the "SEC"), which are accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this document (or BCRED's prospectus and other filings). Except as otherwise required by federal securities laws, BCRED undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future developments or otherwise.

Logos. The logos presented herein were not selected based on performance of the applicable company or sponsor to which they pertain. In Blackstone's opinion, the logos selected were generally the most applicable examples of the given thesis, theme or trend discussed on the relevant slide(s). All rights to the trademarks and/or logos presented herein belong to their respective owners and Blackstone's use hereof does not imply an affiliation with, or endorsement by the owners of these logos.

Opinions. Opinions expressed reflect the current opinions of Blackstone as of the date appearing in the Materials only and are based on Blackstone's opinions of the current market environment, which is subject to change. Certain information contained in the Materials discusses general market activity, industry or sector trends, or other broad-based economic, market or political conditions and should not be construed as research or investment advice.

Recent Market Events Risk. Local, regional, or global events such as war (e.g., Russia / Ukraine), acts of terrorism, public health issues like pandemics or epidemics (e.g., COVID-19), recessions, or other economic, political and global macro factors and events could lead to a substantial economic downturn or recession in the US and global economies and have a significant impact on the Fund and its investments. The recovery from such downturns is uncertain and may last for an extended period of time or result in significant volatility, and many of the risks discussed herein associated with an investment in the Fund may be increased.

The North America Direct Lending Track Record. Represents US and Canada first lien and unitranche debt or non-US first lien and unitranche debt where >50% of the revenue is generated from the US (which may be secured by the applicable borrower's assets and/or equity) transactions in companies that were originated or anchored by certain Blackstone Credit & Insurance managed, advised or sub-advised funds (including the Fund, Blackstone Credit & Insurance managed mezzanine funds and Blackstone Credit & Insurance sub-advised BDCs, as well as certain other Blackstone Credit & Insurance managed funds and accounts) and, with respect to certain transactions, investments allocated to affiliates of Blackstone Credit & Insurance, which may be sold to Blackstone Credit & Insurance managed funds or accounts in the future (the "North America Direct Lending track record"). The track record includes investments for periods prior to December 31, 2017, in BDCs that were sub-advised by Blackstone Credit & Insurance on a nondiscretionary basis until April 9, 2018 (the "Sub-Advised Investments"). With respect to certain transactions, the North America Direct Lending track record includes free equity and/or warrants that accompanied the debt financings, as well as any loans or securities into which the applicable first lien and unitranche debt may have been restructured subsequent to Blackstone Credit & Insurance's initial investment.

The North America Direct Lending track record excludes (i) broadly syndicated, mezzanine, second lien and equity (other than the aforementioned free equity and/or warrants or securities issued upon restructuring) transactions, among others and (ii) transactions where Blackstone Credit & Insurance's invested capital (net of transactions fees) was under $25 million.

Third-Party Information. Certain information contained in the Materials has been obtained from sources outside Blackstone, which in certain cases have not been updated through the date hereof. While such information is believed to be reliable for purposes used herein, no representations are made as to the accuracy or completeness thereof and none of Blackstone, its funds, nor any of their affiliate takes any responsibility for, and has not independently verified, any such information.

Trends. There can be no assurances that any of the trends described herein will continue or will not reverse. Past events and trends do not imply, predict or guarantee, and are not necessarily indicative of, future events or results.

Additional Important Disclosures (cont'd)

Use of Leverage. BCRED intends to borrow money. If returns on such investment exceed the costs of borrowing, investor returns will be enhanced. However, if returns do not exceed the costs of borrowing, BCRED performance will be depressed. This includes the potential for BCRED to suffer greater losses than it otherwise would have. The effect of leverage is that any losses will be magnified. The use of leverage involves a high degree of financial risk and will increase BCRED's exposure to adverse economic factors such as rising interest rates, downturns in the economy or deteriorations in the condition of the Investments. This leverage may also subject BCRED and its Investments to restrictive financial and operating covenants, which may limit flexibility in responding to changing business and economic conditions. For example, leveraged entities may be subject to restrictions on making interest payments and other distributions.

Index Definitions

Morningstar LSTA US Leveraged Loan Index is a market value weighted index designed to measure the performance of the US leveraged loan market based upon market weightings, spreads and interest payments.

Bloomberg US Corporate High Yield Index measures the USD denominated, high yield, fixed-rate corporate bond market. Securities are classified as high yield if the middle rating of Moody's, Fitch and S&P is Ba1 / BB+ / BB+ or below.

Bloomberg US Aggregate Bond Index represents securities that are SEC-registered, taxable, and dollar denominated. The index covers the US investment grade fixed rate bond market, with index components for government and corporate securities, mortgage pass-through securities, and asset-backed securities. These major sectors are subdivided into more specific indices that are calculated and reported on a regular basis.

J.P. Morgan Leveraged Loan Index (LILI) is designed to mirror the investable universe of the USD institutional leveraged loan market. The index is comprised of issuers domiciled across the global markets. The international component of the index is comprised of developed market-domiciled issuers only.

Index Comparison. The volatility and risk profile of the indices presented in this document is likely to be materially different from that of BCRED. In addition, the indices employ different investment guidelines and criteria than BCRED and do not employ leverage; as a result, the holdings in BCRED and the liquidity of such holdings may differ significantly from the securities that comprise the indices. The indices are not subject to fees or expenses and it may not be possible to invest in the indices. A summary of the investment guidelines for the indices presented is available upon request.
